

Archery and Wine Tasting

Take a memorable day out of the office with our exciting archery challenge finished off with relaxing beer or wine tasting in a great atmosphere.

Taking a large group and splitting into teams, or shooting as individuals in a small group, participants get to try their Robin Hood skills with our own archery range set up at attractive locations. We can set up a competition for a coveted prize, or everyone can shoot for fun depending on the competitiveness of the group.

Once the competition is complete, the winners can bask in their success while the team moves on to beer or wine tasting to round off the event. This always goes down well and allows the team to bond in a social atmosphere.

LOCATION	SEASON	DURATION	Min/Max
Any	All Year	2 – 4 Hours	4 to 30
