

Above and Below the Line

Welcome to an incredible presentation based on choices in life!

There are two choices in life; you can choose to live **above the line** or **below the line**. Living above the line means we take *ownership* of our life, we're *accountable* for our actions and we are *responsible*. When we live below the line we *blame* others and situations, we *deny* problems exist and we make *excuses*.

Most organisations can recognise some or many of the behaviours resulting from living below the line. This presentation will help your team to turn around and begin to **live, work and play above the line**.

Many companies we have dealt with have found this single presentation to be **the most effective way of countering negative behaviours**, as it focuses on the individual and encourages them to be more aware of themselves and those around them.

This is ideally suited as a presentation delivered early in a programme as it allows individuals to open their minds a little more, and as a result they are more receptive to the material they receive over the duration of the programme.

We follow the presentation with a short team game called the “Magic Stick” which is an amusing way to **apply** the skills learnt from the presentation in a very practical sense!

LOCATION	SEASON	DURATION	Min/Max
Any	All year	45mins to 1 hr	6 to 100
